**Re: Inline Connection Corp. v. Verizon Internet Services Inc. et al.,
Case No. 2:05 CV 205 HCM (E.D. Va.) -- Document Production and Privilege
Log**

Dear John:

Please find enclosed six (6) CDs containing Inline's first production of documents pursuant to GTE.NET LLC and Verizon Internet Services, Inc.'s Protective First Set of Requests for Production of Documents and Things from Co-Pending Delaware Actions (Nos. 1-20). These CDs contain documents numbered ICC/VZ 000001 through ICC/VZ 060162. Per your request, the CDs also contain standard Concordance and Summation loadfile formats. Please be advised that there are small numbering gaps in this production because we have removed several documents for redaction; these will be produced in our next production during the week of August 22.

In addition, please find enclosed Inline's privilege log. Inline also incorporates by reference its privilege logs from the Delaware cases, which can be found at ICC/VZ 040178 through ICC/VZ 040233; ICC/VZ 043687 through ICC/VZ 043752; and ICC/VZ 043869 through ICC/VZ 043903. We will provide a supplemental privilege log with our next production.

Sincerely yours,

Andrew C. Byrnes
